The Sailing Boat “Treaties of Rome”

INNONAUTICs project (Interreg Med 2017-2013)

InnoNauTICs was a transnational cooperation project between Mediterranean islands mainly aimed at developing an electronic platform that would enable the promotion of nautical tourism and would favour cooperation between the entrepreneurial sector and the potential users.

EUROPEAN ISLANDS

home nautical industry ports and marinas news

The coastline of the European Islands is an inimitable beautiful landscape, which is based on the variety of its terrain, the transparency of the waters and the peculiarities of the small coastal bays, which are unique and hidden. The fascinating coastline of the Mediterranean islands is a good alternative to the large expanses of sand of some of the best known and most visited beaches in the world.

	Palma de Mallorca, Spain	16 °C	
	Corse, France	16 °C	
	Crete, Greece	14 °C	
	Sardinia, Italy	15 °C

“ACTIVE CREW”

Fifteen day free training seminar of yachting to foreigners and local visitors of our island.

Upgrade the nauticaleurope.gr website and online yachting services

- **Online Catalog** of all the Ports and Marinas that may host yachts
- **Offline and Online Marina Booking**
- **Mobile Yachting Business Guide**
- **Boat and Yacht rental services**
- **Crew rental application**
- **Mobile Tourism Guide**
- **Activities Suggestion application**

Our aim is not to develop a yachting application to support a boat during the sail but to develop the best yachting application which will connect the yachting visitors with the local business, economy, environment and culture
