

Implementation of nature-based solutions to tackle climate change

Focus on the Mediterranean Region

Marseille, France, 22-24 January 2019

Elen Lemaître-Curri, Director
Nelly Bourlion, Biodiversity and forest programme officer

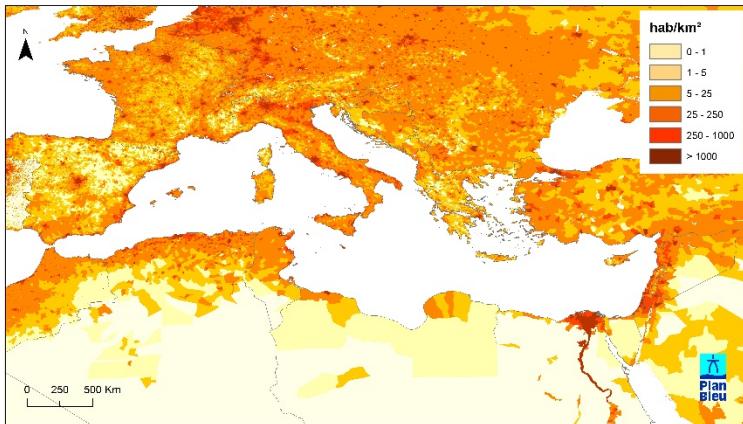

Convention de Barcelone

- 40 ans de collaboration
- 7 protocoles contraignants
- ~20 plans d'action / cadres stratégiques
- Stratégie commune pour le développement durable

Plan Bleu's Missions

UN-Adjusted Population Density, 2015

Source : Projet GRUMP V4

Observer l'environnement et le développement pour éclairer les décideurs

Dessiner des futurs possibles pour le développement durable

Suivre la mise en oeuvre de la Stratégie Méditerranéenne pour le Développement Durable

Intégrer le changement climatique comme une priorité

Accompagner la transition vers une économie verte et bleue

Apporter un éclairage socio-économique pour une gestion appropriée des ressources méditerranéennes

NbS: A regional & international priority

MSSD SD. 2.1: Promote the sustainable use, management and conservation of **natural resources and ecosystems**

MSSD SD 2.3: [...] enhance stakeholder awareness on the **value of ecosystem services** and the implications of biodiversity loss

MSSD SD 4.1: Increase scientific knowledge, raise awareness, and develop technical capacities to deal with climate change and ensure informed decision-making at all levels, **recognizing and protecting the climate adaptation and mitigation services of natural ecosystems**

**SDG 13
CC**

**SDG 14
océan**

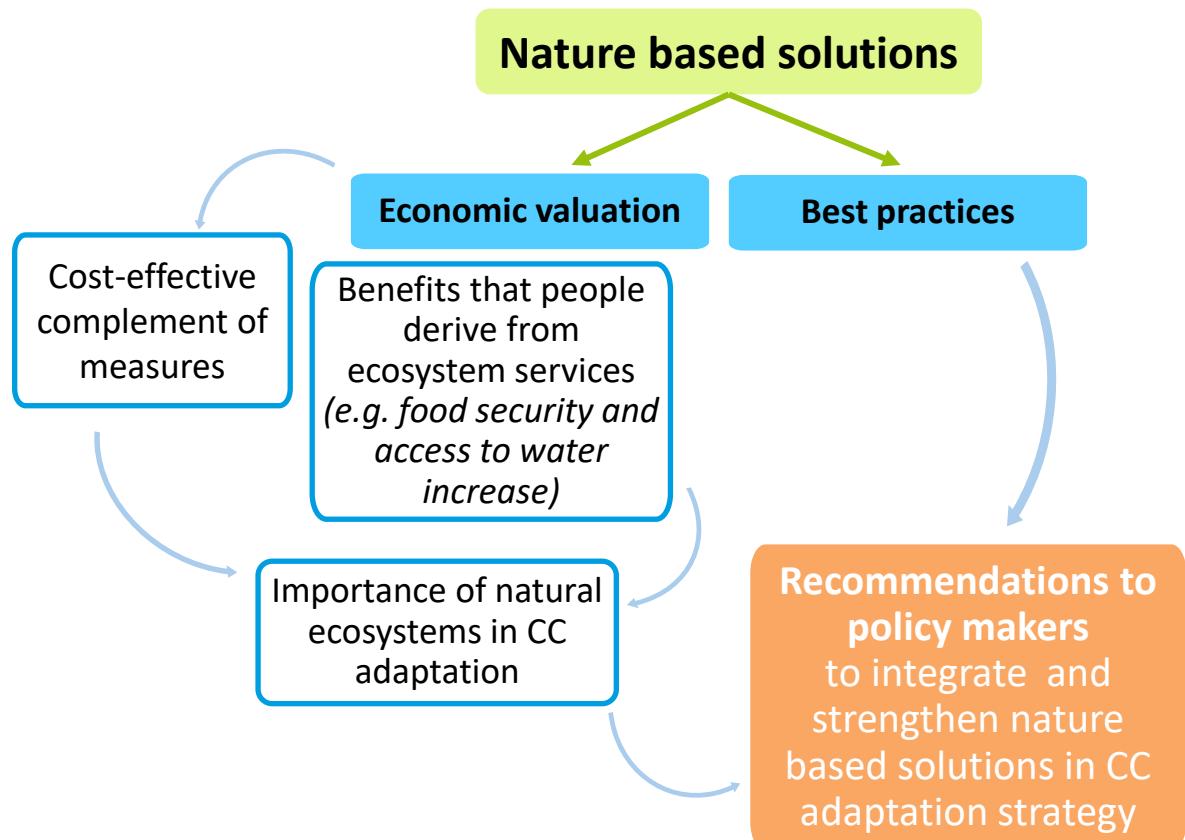

**SDG 15
ter. bio**

Shared objectives => partnerships

Partners

Objective : Promote integration of ecosystem-based responses to climate change in policy making processes

Towards joint outputs

- Mediterranean case studies analysis
- **Workshop** on successful solutions
- **Policy paper** to support decision-making process
- State of the Environment and Development Report 2019
- Communication: video...
 - **Towards BC COP 21, UICN 2020 & CDB post 2020**

Integrate natural areas in
the methods of adapting to
climate change

Structure a
collective
thought process

Initiate a shared action
plan organizing future
common measures

**Strengthen the development and implementation of
nature based solutions in the Mediterranean**
